

Student Center and Account Center (WebReg) are two key Humboldt State University websites for students. Student Center is replacing Account Center for many tasks.

Student Center (<https://cmsweb.humboldt.edu/psp/HHUMPRD>) lets students:

- Register for Classes (Fall 2009 and future classes)
- View Class Schedule
- Check Grades
- View/Contact Advisor
- Manage your Financial Aid
- View To Do Items for Financial Aid
- View Personal Information on file with the University
- Make a Payment (feature added July 6, 2009)
- Update Emergency Contact (feature added August 21, 2009)
- Update Home and Mailing Addresses (feature added August 21, 2009)
- Update Home and Mailing Phone Numbers (feature added August 21, 2009)

Account Center (<http://accountcenter.humboldt.edu>) lets students:

- Set your HSU password
- Set your security questions
- Set up Emergency Text Messaging
- Set your email subscription options
- Set a preferred (forwarding) email address
- Select a web/email alias
- Monitor your account quotas (how much space you have)
- Request web and MySQL accounts
- Update your Zimbra calendar with your class or teaching schedules

Additional Student Center Information:

- Please visit the Student Center Help website (<http://welcome.humboldt.edu/studentcenter>) for additional Student Center tutorials, department contact information, and important dates
- Never use the Back button in your browser, always navigate through the Menu or use the Return to Search button.
- MAC users: If you get an “unauthorized” message when you click on ‘Make a Payment’ in Student Center, download a newer copy of your browser.
- Non-US operating system users – If you get “permission” error while trying to log into Student Center, then download a US (Eng) version of different browser than what you normally use. Log into Student Center through the US (Eng) browser.
